COOPER B-Line

Technical Data

MATERIAL

B-Line's spring steel fasteners are manufactured from spheroidized annealed high carbon steel (ASTM A684, AISI 1055). Mild steel fasteners are manufactured from electrolytic zinc coated steel (ASTM A591) or pre-galvanized steel (ASTM A526). B-Line spring steel fasteners are heat treated to make the steel hard and give the parts their spring quality and strength. The hardness for a given fastener depends on the required load carrying capacity and the application.

LOAD DATA

The design load ratings for B-Line fasteners are specified as either static load capacity or ultimate static load capacity. By definition, the listed static load capacity has a safety factor of three (3.0); the listed ultimate static load capacity has no safety factor. In either case, these stated loads are not to be exceeded, and loads should be applied only as depicted in the catalog, price list, and/or installation sheets. The load capacity of a fastener having more than one component is equal to the load capacity of the lowest rated component.

Fasteners having no load ratings are designed for proper placement of boxes, conduit, etc., and not for supporting loads.

B-Line fasteners are designed for use with support members (e.g.: angle iron, bar joists, beams, columns, flanges, purlins, wire, rod) that comply with the applicable AISI standards and threaded rod that complies with the applicable ANSI standards.

QUALITY ASSURANCE

B-Line has an established Q.C. program in which raw material and finished products are sampled, inspected, and tested by certified inspectors to assure that all applicable standards are met. B-Line's fasteners are manufactured in controlled lots and each part is identified by a lot number stamped into the part. This number allows B-Line to track each step of the manufacturing process including raw material, die set-up, heat treating and finishing. Samples are tested to verify correct hardness, corrosion resistance and load carrying capacity.

FINISHES

B-Line's spring steel fasteners receive a coating* of sealant impregnated with zinc phosphate. This type of coating was commercially developed by industry to inhibit oxidation of ferrous metals for up to 72 hours in a specified salt fog atmosphere. As applied to its fasteners, B-Line rates this coating for 30 hours when salt fog tested per ASTM B-117. Although rust resistant, B-Line fasteners should be used only indoors and in non-corrosive environments.

* At least 1000 milligrams of zinc phosphate per square foot.

Some standard fasteners have a gloss white acrylic enamel applied over the zinc phosphate finish for an enhanced appearance that compliments white ceiling grids.

Electrogalvanized zinc (also known as zinc-plated or electroplated) is the process by which a coating of zinc is deposited on the steel by electrolysis from a bath of zinc salts. The coating is pure zinc and is mechanically bonded to the steel. A maximum of .5 mils of zinc can be applied by this method. When exposed to air and moisture, zinc forms a tough, adherent, protective film consisting of a mixture of zinc oxides, hydroxides, and carbonates. This film is in itself a barrier coating, which slows subsequent corrosive attack of the zinc. This coating is usually recommended for indoor use in relatively dry areas.

Pre-galvanized steel is produced by coating coils of sheet steel with zinc by continuously rolling the material through molten zinc at the mills. This is also known as mill galvanized or hot-dip galvanized. These coils are then slit to size and fabricated into B-Line products. The G60 specification calls for a coating of .60 ounces of zinc per square foot on each side of the sheet. During fabrication, cut edges and welded areas are not normally zinc coated; however, the zinc near the uncoated metal becomes a sacrificial anode to protect the bare areas after a short period of time. Pre-galvanized steel is recommended for indoor use in dry areas.

CAUTION

Do not use B-Line Fasteners outdoors or in corrosive environments. Proper application of each fastener is shown in this price list, the catalog and on the installation sheets inside each carton. Failure due to improper installation may cause harm to personnel and/or property.

COOPER B-LINE FASTENERS TERMS AND CONDITIONS

1. Scope: All orders for materials, goods, products or services (collectively, the "Product(s)") are subject to the following terms and conditions. These terms and conditions are governed by, and construed according to, the laws of the state of Illinois. No salesperson or other party is authorized to bind Cooper B-Line ("B-Line") by any agreement, warranty, statement, promise, or understanding not herein expressed, and no modifications shall be binding on B-Line unless the same are in writing and signed by an executive officer of B-Line duly authorized representative.
2. Prices and Terms: ALL PRICES AND TERMS ARE SUBJECT TO CHANGE WITHOUT NOTICE BY B-LINE. Prices shall be those in effect at the time of shipment. This Price List hereby supercedes and cancels all previous quotations on any part listed in this catalog.
3. Order Acceptance: All orders are subject to final approval and acceptance by B-Line. B-Line reserves all rights to accept orders in whole or in part. Such acceptance will take the form of a shipment upon the order. Shipment of less than an entire order shall be deemed acceptance of that portion of the order actually shipped. Written or oral notice acknowledging receipt to an order does not constitute acceptance by B-Line of the unshipped portion of any order. Any different or additional terms and conditions proposed by Purchaser (herein so called) in its purchase order, or otherwise not specifically approved in writing by B-Line, are rejected by B-Line.
4. Terms of Payment: NET 30 DAYS FROM DATE OF INVOICE. Any amount not timely paid by Purchaser shall bear interest at the maximum rate permitted by law, not to exceed one and one-half percent (1 1/2%) per month. For Cooper Connection or B-Line STINGER distributors, please contact your B-Line sales representative for current Payment Terms.
5. Transportation Charges: Minimum order for prepaid freight is \$500.00 Net. All prices are F.O.B our dock or point of shipment, unless otherwise provided by B-Line. Carrier shall be most economical way and be of B-Line's choice and discretion. Air Freight shipment will be made only upon request; and will be sent F.O.B. B-Line's shipping point, COLLECT ONLY.
6. Delivery: B-Line reserves the right to make delivery in installments which shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delivery dates indicated on quotations and on acknowledgments of orders are approximate and not guaranteed. Delay in delivery of any installment shall not relieve Purchaser of its obligation to accept remaining deliveries.
7. Title and Risk of Loss: Title and right to possession of any Product remains with B-Line until all payments are made in full. Purchaser agrees to do all acts necessary to protect such right and title. Risk of loss however shall pass to Purchaser at the time of delivery to the carrier. Purchaser shall make claims for loss or damage to goods while in transit against the carrier. B-Line will assist Purchaser in securing satisfactory adjustment of such claims.
8. Minimum Orders: \$100 Net on all items. Orders for less than standard box (Package) quantities will be increased to standard quantities without further notification.
9. Taxes: All sales, use, excise and similar taxes which B-Line may be required to pay or collect with respect to the Products covered by any order shall be added to the invoices as a separate charge to be paid by the Purchaser.
10. Returns: Permission to return any standard merchandise must be obtained in writing from B-Line in advance. FULL MERCHANDISE CREDIT will be allowed for B-Line Fasteners in standard full cartons in first-class, saleable condition, subject to the following conditions: Only standard full-carton quantities will be considered. Broken cartons, unsaleable material, specials, or non-catalogued Products will not be considered for credit. RETURN TRANSPORTATION MUST BE PREPAID, and freight expenses will be the responsibility of the Purchaser. A STOCK REPLACEMENT ORDER OF EQUAL VALUE MUST ACCOMPANY THE RETURN. All material is subject to inspection by B-Line and B-Line will make the sole determination as to the salability of said Product(s). This return policy applies only to B-Line Products contained in the fastener catalog. Any and all other Products sold by B-Line are subject to inspection and applicable terms and conditions of return as set forth in their respective and current price lists. B-Line reserves the right to change any of the above return conditions without notice.
11. Errors: Should an error be made filling an order, Purchaser shall notify B-Line in writing promptly and B-Line will attempt to adjust the matter without any expense to the Purchaser. Claims for defective material, shortages, delays, failures in shipment or delivery, for any other cause shall be deemed waived and released by Purchaser unless made IN WRITING WITHIN 30 DAYS AFTER ARRIVAL OF THE PRODUCTS. Under no circumstances shall Purchaser install damaged or defective material if claims are to be made. In the event of an incorrect shipment or price discrepancy, payment of the invoice must be made in full. A debit or credit memo, as applicable, must accompany the remittance, referencing B-Line's invoice number, with a full explanation. Clerical errors or valid discrepancies by B-Line are subject to correction or adjustment.
12. Cancellation: This agreement may be cancelled by the Purchaser, in whole or in part, but only with the written consent of B-Line. Such consent by B-Line is at its sole and absolute discretion. A cancellation charge satisfactory to B-Line, in its sole and absolute discretion, shall take into proper account the work already done, facilities, and materials acquired and/or commitments made by B-Line. Under no circumstances shall orders for special or non-catalogued items be subject to cancellation after production is started.
13. Protection Against Infringement: Other than for Products furnished to or for the Purchaser in compliance with Purchaser's designs, plans or specifications, B-Line will, at its own expense, defend any suits which may be instituted by any party against Purchaser for alleged infringement of United States or Canadian patents relating to the Products of its own manufacture furnished hereunder and used in the regular course of Purchaser's business. Provided however, Purchaser shall have made all payments then due hereunder, given to B-Line immediate notice in writing of such suits, permit B-Line to defend the suits, and give all needed assistance and authority to enable B-Line to defend the suits. In case of a final award of damages in such suit, B-Line will pay such award, but B-Line shall not be responsible for any reason for the use of parts not furnished by B-Line. In the event that the use or sale of said Products is enjoined, B-Line, if unable within a reasonable time to secure for Purchaser the right to continue using or selling said Products will, at its own expense, either replace said Products with non-infringing Products, modify said Products so that they become non-infringing, or remove the enjoined Products and refund the sums paid therefore. The foregoing states the entire liability of B-Line for patent infringement of any Products, or any part thereof. B-Line assumes no liability whatsoever for patent infringement of any Products, or part thereof, manufactured to Purchaser's design, plans or specifications or for patent infringement resulting from using the Products in connection with other products.
14. Credit: B-Line reserves the right at any time to revoke any credit extended to Purchaser if Purchaser fails to pay for any shipments when due or, if in B-Line's sole and absolute opinion, there is a material adverse change in Purchaser's financial condition. B-Line may, at its option, cancel any accepted order if Purchaser fails to pay in full any invoice when due.
15. Indemnity: Purchaser agrees to defend, indemnify, and hold harmless B-Line, its subsidiary and affiliate companies, their agents, employees, directors, officers, servants, and insurers, from and against any and all losses, claims, demands, liabilities or causes of action of every kind and character, whether in contract or in tort, including claims of negligence, or strict liability (including any action brought by any employee, agent or subcontractor of Purchaser for Purchaser's failure to comply with B-Line's published instructions and specifications concerning the operation, use or maintenance of Products) in favor of any person or party, for injury to or illness or death of any person or party, or for any property damage (including loss of income, profits, sales or "down time") arising out of or incident to the Products, except any loss, claim, demand or liability proven to be the result of the gross negligence of B-Line and not contributed to by the negligence of Purchaser, its agents, employees, officers or directors or other third parties.
16. Limitations of Liability: B-Line's liability for any claim of any kind shall not exceed the purchase price of Products, or portions thereof, which gives rise to the claim whether such claim shall be for breach of contract, breach of warranty or negligence and whether such claim arises out of, or results from this agreement or from the design, manufacture, sale, delivery, resale, installation, technical direction of installation, inspection, repair, operation, or use of any Products furnished under this agreement. B-Line shall not be liable, in any event, for special or consequential damages, including, but not limited to, loss of profits or revenue, loss of use of the Products, or any associated goods, cost of capital, cost of substitute Products, facilities or services, downtime costs, or claim of customers of Purchaser for such damages.
17. Disclaimer Of Warranties: B-Line guarantees to repair or replace, at B-Line's option, any Product, which B-Line finds, in its sole and absolute discretion, to be defective in material or workmanship, provided that a claim, and proof thereof, is made in writing to B-Line within thirty (30) days after Purchaser's receipt thereof. B-Line's obligation with respect to Products found by B-Line to be defective shall be limited to replacement or repair and in no event shall B-Line be liable for transportation to or from our factory, installation, adjustments or any expenses or damages which may arise in connection with such Products, nor for damages for the loss of use, and the foregoing shall be the Purchaser's sole remedy hereunder. REGARDING THE SALE OF ALL MATERIALS AND PRODUCTS OF B-LINE, NO OTHER WARRANTY OR GUARANTEE OF ANY KIND IS MADE, EXPRESS OR IMPLIED, STATUTORY, BY OPERATION OF LAW, OR OTHERWISE, INCLUDING BUT NOT LIMITED TO, WARRANTIES FOR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
18. Material Supplier Only: B-Line is a material supplier and fabricator and not a construction sub-contractor. B-Line assumes no responsibility for any terms, conditions, or special provisions contained in any contract between Purchaser and any other party, including but not limited to, provisions regarding warranties, time and method of payment and retainage, or cancellation and penalties for delay in completion.
19. Non-waiver By B-Line: Waiver by B-Line of a breach of any of these terms and conditions shall not be construed as a waiver of any other breach.
20. Governing Law: All matters relating to the interpretation and effect of these terms and conditions, or any authorized changes, modifications or amendments thereto, shall be governed by and construed according to the laws of the state of Illinois.
21. Assignment: Purchaser shall not assign this agreement, or any rights therein or thereunder, without the written consent of B-Line.
22. Force Majeure: B-Line shall not be liable for any delay or failure to perform its obligations under this agreement, resulting directly or indirectly from or contributed to by any acts of God, acts of Purchaser, acts of government or other civil or military authorities, priorities, strikes, or other labor disputes, fires, accidents, floods, epidemics, war, riot, embargoes, delays in transportation, lack of or inability to obtain raw materials, components, labor, fuel, or supplies, or other circumstances beyond B-Line's reasonable control (a "Force Majeure Event"). If B-Line elects, the time for performance shall be extended by a period of time equal to the time lost because of any delays caused by reasons of the Force Majeure Event.
